### GRIM REAPER.

Wednesday morning at 2 a. m. the angel of death visited the home of Mr. and Mrs. David P. Overson and claimed one of their sons, Lyman—a sweet, lovable, boy its victim.

Since the holidays he had not been feeling very well, but it was not thought that he was seriously ill until a few days ago, when serious symptoms appeared in the form of diabetes and after a short struggle the spirit took its flight to that other world.

Mr. and Mrs. Overson are heartbroken and their many friends mourn with them.

The funeral took place yesterday.

The quarterly conference of the L. D. S. Church of the St. Johns Stake will convene next Saturday and Sunday.

A. and B. Schuster Company are preparing to start to build their big store building by the first of April. The old building now standing on the lot, on the corner of Commercial and McCormick streets, is being torn down. Mr. Craig, a mason, of Holbrook is in town this week and has been out locating a rock quarry. We are informed that the building will be a stone one.

### MORE STREET GRADING

This week a number of enterprising citizens living in the west part of town have gotten together and are grading the street running east and west from the L. R. Gibbons home to W. L. Platt's residence. This street has been in need of repairs for a long time and now the good work has commenced and from appearances now it will soon be one of the best streets in town.

All the work is being donated by the people living in the west part of town. Most all who have been asked to help on it have responded willingly.

It is a good move and should be an incentive for others to take up the good work in other parts of our city.

Frank A. Hubbell, of Albuquerque, a brother of J. Lorenzo Hubbell of this state, has announced his candidacy for the republican nomination for the U. S. senate. He will be a strong candidate against Senator Catron. While the game is early many politicians over in our neighbor state believe he will win the fight.—Coconino Sun.

### TO THE PUBLIC.

The county board of health will in the near future demand of St. Johns residents, some improvements for the benefit of the public health, and notice will be give to every householder as to what will be expected. But I would suggest that as soon as weather conditions permit, that all clean their corrals and out houses, so that they may not be burdened when they are requested to improve sanitary conditions.

T. J. BOULDIN.

Secretary, Board Health.
